

Authorization

This copy should be completed by the parents of the children enrolled in our summer courses for teenagers.

Permission to Leave:

Our students come from different countries where customs and national laws in most cases are different from the Spanish. We are mostly concerned about the safety and welfare of our young participants, but our main goal is to offer a unique experience. We have certain rules we ask you to read carefully:

1. The language course attendance, the evening and night activities and visits and excursions are mandatory.
2. The student must observe the curfew set by the school.
3. Each student must be punctual. Students are not allowed to make independent trips without parental approval. The parent must send a signed written permission to allow their son or daughter to make a specific trip on their own.

I am sure that you, as parents, understand our position and to avoid any critical situation we are in a position to request you to fill out the form and sign this letter as an agreement to our conditions.
